ABOUT skilledUp CareerX: Data Science & GenAI COURSE OVERVIEW

Launch your tech career with confidence through **skilledUp CareerX's 12-month Data Science & AI program** — a complete transformation journey from beginner to industry-ready professional.

With an intensive schedule of **9 hours/day, 6 days/week**, and a **12-month internship**, this program goes beyond theory, offering deep hands-on experience and real-world exposure. You'll complete **2700+ hours of live, mentor-led training via Zoom** and work on **20+ industry-grade projects**, ensuring you build both skills and confidence.

Backed by a job guarantee with 5L-15L packages, CareerX offers unmatched support including interview preparation from Day 1, on-demand mentor guidance, and full placement assistance.

And here's our bold promise: **If you're not placed by Month 13, we'll hire you ourselves**. This isn't just education, it's a career revolution built to shape India's next generation of tech leaders.

From Day 1, every learner follows a structured, high-discipline routine blending classroom learning with real-time internships — ensuring complete professional development, even for those with no prior experience.

To make this opportunity accessible, **scholarships are available** for deserving candidates ready to transform their future.

With a track record of life-changing outcomes, **skilledUp CareerX** is not just a program — it's a **guaranteed career launchpad**.
